

**DIRECTIONS:**

- Mix 1 gallon of product with 10 gallons of water.
- For the beds of trucks carrying asphalt, apply liberally to the truck bed or equipment.
- May be used in stronger concentrations if desired to increase residual effect.
- To prevent adhesion of mix to equipment or hand tools, apply the solution by spray or immersion. Will not affect asphalt or vehicles.

**CORE 400° is an Industrial-grade soap surface protectant and asphalt release agent with flashpoint of over 400°. It is a concentrated blend of biodegradable soap and detergents designed to coat all surfaces that may come in contact with asphalt. It is used in releasing asphalt which may come in contact with truck beds & equipment.**

KEEP OUT OF REACH OF CHILDREN.
