

**DIRECTIONS:**

Apply OVERNIGHT undiluted with a sprayer or conventional brushing to surfaces to be cleaned. Allow 5-10 minutes contact time and then re-apply keeping the surface wet with OVERNIGHT. After approximately 20 minutes total contact time, brush to remove heavier build-up. Rinse thoroughly. OVERNIGHT can also be used as a time release cleaner by applying to the truck and leaving OVERNIGHT. Rinse the truck thoroughly in the morning and, always before any servicing or maintenance. Heavy build-up on neglected or un-assigned trucks can be eliminated by washing in the usual manner then applying truck cleaner again on build-up only and allow to react. Brush affected areas the following day and use a putty knife or scraper where necessary, repeat the process daily for several days until all build-up is removed. OVERNIGHT should not be used on the cabs of trucks as the regular truck cleaner, but may be used on occasion to remove cement dust and splatter. Rinse completely. For regular maintenance, use Power Kish's "Predator-304 or Xtreme-88 products.

OVERNIGHT can be used as a daily concrete dissolver without any neutralization. The action of OVERNIGHT not only removes concrete but also removes old rust and oxides during the cleaning process. OVERNIGHT can be used as a daily wash or in time release treatments on problem areas such as hopper areas, back rings, chutes, and pedestals. OVERNIGHT is so safe, it can be used on any surface, including glass, aluminum, chrome, rubber, plastic, or paint.

**Safety, Storage, Shelf Life:**

Always wear proper PPE when handling or working with any chemical. Do NOT apply any chemicals on sun baked surfaces. Product is guaranteed for one year in original container.
