

**DIRECTIONS:**

Apply diluted or undiluted with foam unit, hand held sprayer or conventional brush to surfaces to be cleaned. Allow some contact time for product to activate the calcium carbonate. Heavy Build-up - apply at full strength and allow to sit for 1-3 min. Agitate or brush to remove build-up. Moderate Build-up 1:1 – 3:1 Light Build-up 3:1 Daily cleaning and Polished Aluminum surfaces 3:1 – 10:1 or as desired. Rinse or pressure wash off excess concrete remover to neutralize. **Never apply concrete remover at full strength to a sun baked surface!

XSCR-1 ART technology removes heavy concrete build up with ease! It is non-corrosive to your equipment, biodegradable and a mild-skin irritant. Can be used in temperatures up to -25° Celsius. Extreme cost advantages when compared to competitor products and is 8-10 times more effective than other organic acids when dissolving calcium carbonate. No Solubility limits! Will remove concrete, grease, oil and mineral scale buildup. Product can be used as a daily truck wash to remove built-up concrete without any neutralization. Product is so safe, it can be used on any surface, including glass, aluminum, chrome, rubber, plastic, or paint. Product also includes detergents for degreasing, corrosion inhibitors, optical brighteners, foaming agents, water softeners, and surface expanders.

Safety, Storage, Shelf Life: Always wear proper PPE when handling or working with any chemical. Do NOT apply any chemicals on sun baked surfaces. Product is guaranteed for one year in original container.

HEALTH HAZARD DATA, EFFECTS OF OVEREXPOSURE, FIRST AID:

Inhalation: No hazards expected. If symptoms occur, remove affected person to fresh air; if breathing has not returned to normal within a few minutes after exposure, get medical attention.

Skin: No hazards expected. If contact occurs, wash affected area with soap and water; remove and launder contaminated clothing before reuse; if irritation occurs, seek medical attention.

Eyes: Remove contact lenses. Immediately flush eyes for 15 minutes in clear running water while holding eyelids open; seek medical attention.

Ingestion: Drink two glasses of water followed by milk, milk of magnesia or other nonalcoholic liquids; DO NOT induce vomiting; seek medical attention.

Carcinogens: Product contains no known carcinogens.

NFPA Rating

0 = Non - Hazardous
1 = Slight Hazard
2 = Hazardous
3 = Extreme hazard
4 = Deadly
